SUBJECT: Report on Foreign Language Proficiencies

1. The attached report is a survey of language abilities of employees in the Agency as of 31 August 1959. It shows the number of employees who have claimed any level of proficiency in a language, the number of tests taken in a language, and of those tested, the number with intermediate or high levels of ability. Specifically.

Column I lists languages in which proficiency has been claimed.

Column II lists the number of Form 444c's filed for the language.

Column III lists the number of test scores, according to language, received from the Testing and Evaluation Staff as of 31 August 1959, and subsequently evaluated in our office.

Columns IV and V list comprehensive proficiencies at the intermediate and high levels.

Columns VI, VII, VIII, and IX list proficiencies in reading and speaking at intermediate and high levels.

2. Columns should be read individually since the same person may appear in more than one category.
